

January 13,2010

Dear Friends:

Over the years I have no idea how many of you take time to read what we put out to try and keep you informed as to what goes on in your state government. I enjoy trying to do that and trying when possible to help you out.

This week following the United States Constitution we redistricted our courts and also the House of Representatives. When the census figures came to KY it was determined that I represented 8 thousand more people then was permitted. The majority party made several decisions that effects me and many of you. No longer do I represent areas that I have worked with for years. The Majority party in the House decided I should be moved to Oldham County. Under this new plan I will go almost to Crestwood, all the way to I 71 and to Hawley Gibson Rd..

I still will represent in Jefferson County from the Shelby Campus of UofL m picking up part of Lyndon about half of Middletown and all of Douglas Hills and all of Anchorage. From Park Rd following Old La Grange and Westport Road to the county line. If your looking for White Blossom, Saratoga Woods, Lake Forest, Copperfield, these areas will have new representatives.

Let me assure you that because I do not represent you does not mean I can't help you. If you think that I can be of some help to you, my phone is always available. The electronic media gave almost Zero coverage to what is probably one of the biggest things done this year. You should note that the Majority party placed 10 Republican legislators in primaries. In other words they will have to run against each other and we will lose four seats in the primary.

That's why, I could be much worse then I am and I am excited to be working with all these new folks. Thank you for caring about me and all the kind words that have come my way over the years.
